Trax FoRR Tracks

Winter is the best (but not the only) time to see, identify, photograph, GPS and report tracks from the deer, moose, grizzly bear, lynx, wolverine and other animals who live in the Rossland Range.

Reporting these tracks help us to learn how these animal use this habitat, so we can use the land in a way that causes the least impact to them.

See images of tracks and more info in a brochure on the FORR website.

Rossland Streamkeepers

Rossland Streamkeepers invites you to participate in this group dedicated to the conservation and protection of streams, wetlands and waterways in and around Rossland.

The Rossland Streamkeeper group is affiliated with the Friends of the Rossland Range.

Anyone interested may become a Rossland Streamkeeper and participate in projects for all ages.

Contact: Jen Vogel, 250-362-5624, jenvogelrmt@yahoo.ca

Nancy Greene Summit Hut Crew

The Nancy Greene Summit Hut Crew is an informal group of volunteers (loosely affiliated with FORR) who have “outings” (translate “potluck parties” at the huts) to do needed maintenance and improvement work on the huts at the summit.

Everyone is welcome to participate, simply contact Les to get on the email list for notices.
