

Premier Gordon Campbell and Members of the Executive Council  
PO Box 9041  
Station Provincial Government  
Victoria, BC V8W 9E1

Dear Premier Campbell and Honourable Cabinet members:

**Re: Community-based recreation planning process for the Rossland Range**

I would like to express my support for a community-based, multi-stakeholder planning process to manage recreational use in the Rossland Range.

I believe it is important to the quality of life in our communities, and to the viability of our communities as tourism destinations, to have a clear, comprehensive, and effective plan for our wilderness “backyard.”

Many businesses in our communities depend, either directly or indirectly, on the natural and recreational values available in the Rossland Range. A number of these values are easily disrupted, and need to be considered before recreational use becomes more intense.

I would like to see a planning process undertaken soon, while the Rossland Range has the potential for a “win-win” plan.

I therefore ask you to give direction to the appropriate Ministries to initiate a community-based, multi-stakeholder process to plan for recreational use in the Rossland Range.

Thank you for your attention.

Yours truly,

---
